

# Kabelo Mushi — Software Developer & IT Technician

Welcome! This is the source code for my personal portfolio website:  
merrowtheboy012.github.io

## About Me

I'm Kabelo Mushi, a passionate Software Developer & IT Technician based in Pretoria, South Africa. I build efficient, scalable software and maintain robust IT infrastructure. I have experience in full-stack development, AI/ML, and cybersecurity, and I love solving technical challenges and learning new technologies.

## Features

- Responsive single-page layout (Home, About, Skills, Projects, Resume, Contact)
- Showcase of projects including live demos and GitHub links
- AI/ML projects, full-stack builds, and studies in cybersecurity and cloud computing
- Contact form to get in touch
- Resume download available

## Technologies Used

Frontend: HTML, CSS, JavaScript  
Backend / AI/ML: Python, TensorFlow, PyTorch  
Infrastructure & Tools: Git/GitHub, GitHub Pages

## Projects

Some highlighted projects include:

Project	Description
Sentimental-Analysis Dashboard	AI-powered system that predicts market trends using ML algorithms.
AI Resume Builder	Resume builder with AI-tailored suggestions.
AI Study Buddy	Personalized learning assistant using NLP.

## Getting Started

1. Clone the repo: `git clone https://github.com/merrowtheboy012/your-repo-name.git`
2. Navigate into the folder: `cd your-repo-name`
3. Open index.html or serve with live server.

## Deployment

Deployed via GitHub Pages. Any push to the main branch will rebuild and publish the site.
